## **BETHANIA COVID-19 OUTBREAK UPDATE**

Dear Residents and Families:

On December 31, we swabbed 12 residents residing on the 300 wing. We received the test results back and I am sad to report that 3 out of the 12 tests were positive. These residents were moved immediately into the COVID Care and Recovery Room on January 1, 2021.

Today, January 2<sup>nd</sup>, I am pleased to inform you that we received the reports that the other 9 tests were all negative. Notwithstanding this, we will continue closely monitoring all 300 Wing Residents and if any develop symptoms, we will immediately retest them for COVID-19.

We are deeply saddened to announce that two Residents in the COVID Care and Recovery Room have passed away since December 27<sup>th</sup>. Our staff extend our most sincere condolences and prayers to the family for their loss.

There are no staff positive cases.

I will update you as new information becomes available.

If you have any questions on the above, please email Jack Friesen, Resident Care Manager, [Jack.Friesen@bethania.ca](mailto:Jack.Friesen@bethania.ca) or Doris Furtado, Director of Care, [Doris.Furtado@bethania.ca](mailto:Doris.Furtado@bethania.ca)

Please keep our Residents and Staff in your prayers.

Sincerely,  
Gary J. Ledoux, CEO, Bethania Group
